

Editas Medicine to Present Data on CRISPR/Cas9-mediated Gene Editing in Hematopoietic Stem/Progenitor Cells at ESGCT-ISSCR 2016

October 17, 2016 7:31 AM ET

CAMBRIDGE, Mass., Oct. 17, 2016 (GLOBE NEWSWIRE) -- Editas Medicine, Inc. (NASDAQ:EDIT), a leading genome editing company, today announced that its scientists will present data on the use of CRISPR/Cas9-mediated gene editing in human hematopoietic stem/progenitor cells in a poster presentation at the 24th Annual Congress of the European Society of Gene and Cell Therapy, hosted in conjunction with the 2016 International Symposia of the International Society for Stem Cell Research. The meeting will take place Oct. 18-21 at the Palazzo dei Congressi in Florence, Italy.

The following is a short summary and timing for the poster presentation:

Title: *Highly efficient CRISPR/Cas9 mediated gene editing in long-term engrafting human hematopoietic stem/progenitor cells*

Authors: J. M. Heath, A. Chalishazar, C.S. Lee, W. Selleck, C. Cotta-Ramusino, D. Bumcrot, J.L. Gori

Date/Time: 6:30-8:30 p.m. CEST, Wednesday, Oct. 19

About Editas Medicine

Editas Medicine is a leading genome editing company dedicated to treating patients with genetically defined diseases by correcting their disease-causing genes. The company was founded by world leaders in genome editing, and its mission is to translate the promise of genome editing science into a broad class of transformative genomic medicines to benefit the greatest number of patients.

Forward Looking Statements

This press release contains forward-looking statements and information within the meaning of The Private Securities Litigation Reform Act of 1995. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “potential,” “predict,” “project,” “target,” “should,” “would,” and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. The Company may not actually achieve the plans, intentions, or expectations disclosed in these forward-looking statements, and you should not place undue reliance on these forward-looking statements. Actual results or events could differ materially from the plans, intentions and expectations disclosed in these forward-looking statements as a result of various factors, including: uncertainties inherent in the initiation and completion of preclinical studies and clinical trials and clinical development of the Company’s product candidates; availability and timing of results from preclinical studies and clinical trials; whether interim results from a clinical trial will be predictive of the final results of the trial or the results of future trials; expectations for regulatory approvals to conduct trials or to market products and availability of funding sufficient for the Company’s foreseeable and unforeseeable operating expenses and capital expenditure requirements. These and other risks are described in greater detail under the caption “Risk Factors” included in the Company’s most recent Quarterly Report on Form 10-Q, which is on file with the Securities and Exchange Commission, and in other filings that the Company may make with the Securities and Exchange Commission in the future. Any forward-looking statements contained in this press release speak only as of the date hereof, and the Company expressly disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.
